This table tracks credits attempted and earned for the PMP-defined cohort of fall first time, full time, baccalaureate degree-seeking freshmen entering in the given fall semester. For example, in Fall 2018, **1,737** students began their careers at Brooklyn College as first time full time baccalaureate degree-seeking freshmen. **79.97%** of those students had attempted a total of 15 or more credits as of Fall 2018. Some additional students took winter courses, so that as of Winter 2018, **80.20%** of students have now attempted at least 15 credits. We will update this report as data comes in, adding data for earned credits when grades are in, and providing information about 30 credits, rather than 15, for the spring and summer terms. The summer numbers can be read as the final numbers for the year.

**This is a preliminary report that will be updated throughout the year. A final report will be created in fall 2019, after grades are finalized for the full 2018-2019 academic year**
