2022-23 Cap and Gown Survey

Summary of Findings

Executive Summary

The Cap & Gown survey was administered by the CUNY Office of Applied Research, Evaluation, and Data Analytics (OAREDA) starting late spring 2022 for the following terms of Degree Conferral (Summer 2022-Spring 2023).

The survey was administered to students as part of their CUNYfirst checklist shortly after they applied for graduation. This option was available for students during the time when they had the following degree checkout statuses: Approved (AP), In Progress (IP), Pending (PN), Awarded (AW), leading up to graduation.

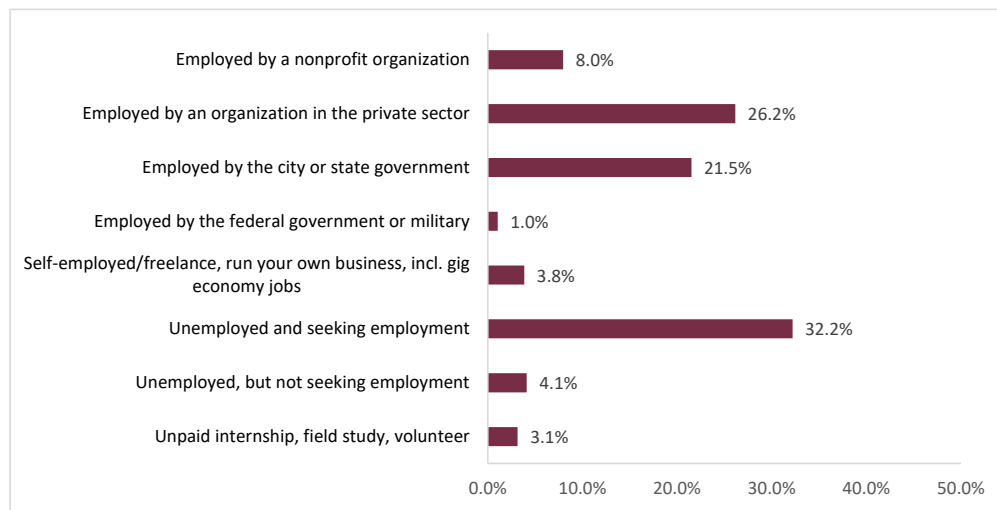

3,496 students completed a degree at Brooklyn College during the 2022-23 academic year. 1,143 of those students, or 32.7% who completed a degree that year.

- 1) 52.0% of our undergraduate recipients, and 78.1% of our graduate degree recipients, reported that they were employed or will be employed at the time of the survey. 42.7% of our undergraduate and 20.3% of our graduate degree recipients reported that they were unemployed, and seeking employment.
- 2) 72.8% of our recent undergraduate recipients, and 16.3% of our recent graduate degree recipients, reported that they participated in paid or unpaid internships while at Brooklyn College.
- 3) 64.5% of our recent undergraduate recipients and 46.3% of our recent graduate degree recipients were either currently enrolled in further education, or intended to pursue further education, related to their career.
